SPRING 2014 NEWSLETTER

Spring is coming and with it change...

Due to the anticipated completion and transition into the new space by late spring/early summer, we have reduced our program offerings this season. Our construction project is a two part venture, and so we will need to temporarily use some of the new space for our collection. Once we have moved in we will determine the usable space and schedule programs accordingly during Phase 2.

For everyone's safety during this massive move we will need to close the building to the public for a few days. The dates are not confirmed, but we will share them with you via our e-blast news and website as soon as possible. Please make sure to sign-up on our website for updates.

Again, we appreciate your patience and understanding during this time of transition and continue to work towards providing you with the best service during this unpredictable process.

If you have any questions please feel free to call or email me.
